NOTIFICATIONS.

Fort St George, January 18, 1932
[*G.O. No.* 107, *Public (Services)*]

No 7.—In exercise of the powers conferred by rule 18 of the Civil Services (Classification, Control and Appeal) Rules, the Governor acting with the Minister hereby declares that the Service consisting

of the Consulting Architect to Government and the Assistant Architect as a Provincial Service and that such Service shall be entitled "The Madras Service of Architects".

No. 2.—In exercise of the powers conferred by rules 38 to 42 of the Civil Services (Classification, Control and Appeal) Rules, the Governor acting with the Ministry hereby makes the following rules to regulate the method of recruitment, conditions of service, pay and allowances and pension of the Madras Service of Architects, hereinafter referred to as "the Service".

For the purpose of these rules, "the local Government" shall mean "the Governor acting with the Ministry".

1. *Constitution.*—The Service shall consist of—

Class I—One Consulting Architect to Government and

Class II—One Assistant Architect

2. *Recruitment.*—Admission to the Service shall be by direct recruitment and may be in either class in the Service.

3. (a) Candidates for selection for admission to the Service shall be selected by the Local Government after consulting the Madras Services Commission:

Provided that such consultation shall not be necessary for the appointment of a person possessing the qualifications prescribed in these rules to officiate as Consulting Architect or Assistant Architect for a period or periods not exceeding three months altogether in the case of each person, but every such appointment together with the reasons therefor shall be reported without delay to the Madras Services Commission and a person so appointed shall not be regarded as a candidate selected for admission to the Service.

(b) Any information affecting the selection of a candidate for admission to the Service in the possession of the Local Government or of any authority subordinate to the Local Government shall be supplied to the Madras Services Commission on demand.

(c) Every candidate for selection for admission to the Service shall remit a fee of rupees twenty into a Government treasury or into the Imperial Bank of India, Madras, or one of the branches thereof in the credit of the Government under the head "XXVI Miscellaneous Departments—Examination fees—Fees for examinations—Madras Services Commission" and shall send the Treasury or bank receipt therefor with his application.

4. *Qualifications.*—No person shall be eligible for selection for admission to the Service unless he is—

(a) a British subject, or

(b) a subject of a State in India who has obtained the permission of the Local Government to apply for selection.

5. No person shall be eligible for selection for admission to the Service unless he

(a) is a Fellow or Associate of the Royal Institute of British Architects with practical experience in India, or

(b) has obtained the diploma of any of the Schools or Institutions of Architecture mentioned in Annexure A to these rules or has completed three years' articles of pupilage with a firm of architects of standing and has, in either case, served as a practising Architect in India, or as an Assistant Architect to a firm of Architects in India for at least ten years in the case of a candidate for selection for admission to class I and for at least three years in the case of a candidate for selection for admission to class II.

6. *Probation.*—A candidate selected for admission to the Service shall, from the date on which he joins duty as such, be on probation for a total period of two years on duty.

7. (a) At any time before the end of the prescribed period of probation, the probation of a selected candidate may be terminated at the discretion of the Local Government and the candidate's services shall then be dispensed with.

(b) If at the end of the prescribed period of probation, the Local Government do not consider the selected candidate suitable for appointment to the Service, the Local Government shall, by order, dispense with his services. If no such order is passed by the Local Government within three months after the expiry of the candidate's period of probation, the candidate shall be deemed to have completed his period of probation satisfactorily.

(c) There shall be paid

(i) to a candidate on probation,

(ii) to a candidate who has completed or is deemed under sub-rule (b) to have completed his period of probation satisfactorily but awaits appointment in the Service, and

(iii) to a candidate appointed under the proviso to sub-rule (a) of rule 8,

a pay calculated at the rate specified in rule 9 for the post he is holding.

8. *Appointment to the Service.*—A probationer who is declared by the Local Government or is deemed under sub-rule (b) of rule 7, to have completed his period of probation satisfactorily, shall be appointed by the Local Government to be a member of the Service in the class for which he was selected at the first opportunity and may, if a vacancy in the class existed, be appointed with retrospective effect.

9. *Pay.*—(1) There shall be paid

(a) to a member of the Service in class I, if he is below 35 years of age, a monthly pay calculated in the scale of pay of Executive Engineer in the Public Works Department, and if he is not below 35 years of age, a monthly pay calculated in the scale of pay of Superintending Engineer in the Public Works Department as shown in Annexure B to these rules, and

(b) to a member of the Service in class II a monthly pay calculated either in the scale of pay of Assistant Executive Engineer or of Executive Engineer in the Public Works Department as shown in the said annexure as the Local Government may direct.

(2) The initial pay of an officer may be fixed by the Local Government in the above scales according to his age and previous experience, provided that a member of the Service in class I who is below 35 years of age shall draw pay only in the scale of pay of Executive Engineer and that a member of the Service in class II who is below 30 years of age shall draw pay only in the scale of pay of Assistant Executive Engineer.

(3) A member of the Service in class II originally appointed in the scale of pay of Assistant Executive Engineer shall not draw pay in the scale of pay of Executive Engineer even when he has completed his thirtieth year unless and until the Local Government specifically sanction it.

(4) Overseas pay shall be admissible to an officer provided he is of non-Asiatic domicile.

(5) Increments shall become due to an officer on the anniversary of his birthday irrespective of the date of his appointment and shall be given only for approved service.

10. *Passage.*—A member of the Service who

(i) has been appointed by the Secretary of State for India in Council prior to 1st April 1924,

(ii) has been admitted to the age for age scale of pay, and

(iii) has been employed on a permanent pensionable or non-pensionable basis or on an agreement of indefinite duration,

shall be entitled to passage concessions in accordance with the regulations contained in Schedule IV to the Superior Civil Services Rules.

11. *Promotion.*—(a) A member of the Service in class II shall be eligible for promotion to class I.

Such promotion shall be made by the Local Government. Approved service of more than ordinary merit shall be essential for such promotion

(b) A candidate selected for such promotion shall from the date on which he joins duty in class I be on probation in such class, either for a continuous period of one year on duty or for a total period of two years on duty out of a continuous period of three years

(c) At any time before the end of the prescribed period of probation, the probation of a promoted candidate may be terminated at the discretion of the Local Government and the candidate shall then be reverted to his permanent post

(d) If at the end of the prescribed period of probation the Local Government do not consider the promoted candidate suitable for appointment in Class I, the Local Government shall, by order, revert him to his permanent appointment. If no such order is issued by the Local Government within three months of the expiry of the candidate's period of probation, the candidate shall be deemed to have completed his period of probation satisfactorily.

12. *Provident Fund.*—Members of the Service shall not be eligible for any pension or gratuity, but they shall be admitted to the benefits of the Contributory Provident Fund (Madras).

13. *Leave, leave salary and other conditions of service.*—The leave, leave salary and other conditions of service of an officer who is not under a contract shall be regulated by the Fundamental Rules issued from time to time under the authority of the Government of Madras

The leave, leave salary and other conditions of service of an officer under a contract shall be regulated by the terms of the contract or by the orders of the Local Government issued from time to time that are not inconsistent with such terms

14. Nothing contained in these rules shall apply to the appointment by the Local Government of the Director of Town Planning to hold the post of Consulting Architect to Government, in addition to his duties as such Director. There shall be paid to the person so appointed a monthly pay of Rs. 200 which shall be in addition to his pay as Director of Town-Planning.

2. Under clause (*c*) of the said section 4, the Governor in Council appoints the Working Plans Officer, Lower Godavari, for the time being to be the Forest Settlement Officer in regard to the said tract to enquire into and determine the existence, nature and extent of any rights claimed by or alleged to exist in favour, of any person in or over the land comprised within the limits given in the said schedule or to any forest produce of such land and to deal with the same as provided in Chapter II of the said Act.

3. The Governor in Council appoints the District Forest Officer, Lower Godavari, for the time being to be the Forest Officer who shall attend on behalf of Government at the enquiry to be made by the said Forest Settlement Officer.

4. Under the authority vested in him by section 14 of the said Act, the Governor in Council appoints the Collector of the East Godavari district to hear appeals from any orders passed by the Forest Settlement Officer under sections 11, 12 and 13 of the said Act.

Fort St. George, December 22, 1931
(G.O. Ms. No. 1628, Development)

No. 2.—In exercise of the powers conferred by clause (a) of sub-section (1) of section 3 of the Madras Agricultural Pests and Diseases Act, 1919, as amended by Madras Act VII of 1925, the Government of Madras (Ministry of Public Works) hereby declare that the plant known as 'Water Hyacinth' (*Eichornia speciosa kunth*) is a 'noxious weed'.

2. Under clauses (*b*) and (*c*) of sub-section (1) of section 3 of the Act, the Government of Madras (Ministry of Public Works) prohibit the transport of this weed from one village to another, or its transplantation from one water source or receptacle to another in the Kaikalur taluk, Kistna district, for a period of one year from 15th December 1931 and direct that the weed wherever found in the said district be killed.

No. 3.—In exercise of the powers conferred by section 21, clause (c) of the Madras Agricultural Pests and Diseases Act, 1919, the Government (Ministry of Public Works) hereby declare that in respect of the plant known as water hyacinth, the word 'plant' shall include the 'seed of the plant'.

No. 4.—In connection with the destruction of the water hyacinth in the Kaikalur taluk, Kistna district, the following are appointed inspecting officers under section 10 of the Madras Agricultural Pests and Diseases Act of 1919, as amended by Madras Act VII of 1925:—

Revenue Inspectors, Minor Irrigation Supervisor, and Overseers, Supervisors and Overseers of Public Works and Local Fund Departments, and Sanitary Inspectors and Overseers attached to the municipalities in the Kaikalur taluk, Kistna district.

2. Under section 21 (*f*) of the aforesaid Act, the Government (Ministry of Public Works) are pleased to direct that appeals under section 6 of the Act shall lie to the Tahsildar or Deputy Tahsildar in independent charge having jurisdiction over the water sources or premises concerned.

ANNEXURE I.

1. The fact of the publication of the notification enforcing the provisions of the Madras Agricultural and Pests and Diseases Act III, 1919, as amended by Act VII of 1925, in respect of water hyacinth should be made known to the public by beat of tom-tom in the areas concerned. The leaflet prepared by the Director of Agriculture on the water hyacinth should be published in English and the vernacular in the village sheet of the district gazette. Spare copies of the leaflet should be distributed to the agricultural associations and the chief land-owners in the tracts and posted in the village chavadis and other prominent places.

2. The period [to be specified by the inspecting officer in the notice issued under section 6 (2)] within which the occupier shall carry out the remedial or preventive measures will be left to the discretion of Tahsildars (or Deputy Tahsildars in independent charge) who should give general or special instructions to inspecting officers, subject to the condition that in no case should the period allowed exceed eleven days.

3. Appeals under the Act are subject to the usual stamp duty of 12 annas. The Collector should add a note in it in effect at the foot of the rules issued under section 21 of the Act.

4. In order to enable inspecting officers to meet the cost of remedial or preventive measures carried out under the Act, each inspecting officer shall be given a permanent advance of Rs. 25.

5. Instructions regarding the procedure to be adopted in the issue and recoupment of permanent advance are quoted in Annexure II.

ANNEXURE II.

1. The advances required by the inspecting officers to carry on the remedial measures may be drawn by them in the form for 'Bill for Miscellaneous payments' countersigned by the Tahsildar or Deputy Tahsildar in independent charge. The charges incurred should be debited to Advances repayable—Special advances—Advances for the destruction of Agricultural Pests and Diseases Madras Act III of 1919.

2. Tahsildars and Deputy Tahsildars will maintain a register in Form A showing separately the advances drawn by each inspecting officer specifying the particulars for which the advances were sanctioned. In this register particulars of recoveries effected should also be noted, the required information being obtained from the Treasury Officer. They will also be responsible for the adjustment of all such advances drawn from the Treasury. The Tahsildars and Deputy Tahsildars who draw allowances should submit an abstract from their registers to the Collector's office in Form C.

3. Each inspecting officer should also in his turn keep a register in Form B showing all advances drawn by him, the demand issued and the recoveries effected, the last information being obtained from the Treasury Officer.

4. As the work in each area progresses the inspecting officer will submit to the Tahsildar or Deputy Tahsildar vouchers in support of the expenditure incurred by him and on its completion he will refund any unexpended balance. Amounts refunded will be treated as abatement of charges under the advance account concerned.

5. All recoveries on account of the remedial measures carried by the Government should be credited as receipts under the advance head concerned (i.e.) Advances repayable—Special advances—Advances for the destruction of Agricultural Pests and Diseases Madras Act III of 1919.

6. Fines realized under section 14 as well as those realized under section 15 should be credited to XVI A Law and Justice—Courts of Law—General, fees, fines and forfeitures.

7. Remittances of amounts recovered by village officers should be specifically described in the chalans as "Recovery of advances for the destruction of Agricultural Pests and Diseases Madras Act III of 1919."

Licence is hereby granted to the Vicharanakartha, Tirumalai, Tirupati, etc., Devasthanams, Tirumalai, to supply electric energy in the area, with powers and upon the terms and conditions specified below :—

1. *Short Title.*—This licence may be cited as the 'Tirumalai Tirupati, etc., Devasthanams Electric Licence, 1931.'

2. *Interpretation.*—The licence is to be read and construed as subject in all respects to the provisions of the Indian Electricity Act, 1910, with the statutory modifications thereof and the rules thereunder and the several words, terms and expressions to which meanings are assigned or any statutory modifications thereof, or by the rules thereunder, or the general clauses of Act, 1887, shall have in this licence and the Annexures thereto the same respective meanings, provided that in this licence,

(i) The expression 'the Act' shall mean the Indian Electricity Act IX of 1910, as modified up to May 1922, with the statutory modifications thereof.

(ii) The expression 'the Licensee' shall mean and include the Vicharanakartha, Tirumalai, Tirupati, etc., Devasthanams, Tirumalai, and his heirs and permitted assigns.

(iii) The expression 'I Annexure,' 'II Annexure,' 'III Annexure,' 'IV Annexure' and 'V Annexure' shall mean the first, the second the third, the fourth, and fifth annexures to this licence respectively.

(iv) The expression 'the Deposited Map' shall mean the plans showing the area of supply or the streets or routes, hereinafter specified, along which electric lights have to be compulsorily laid, and which have been deposited with the Government of Madras, in pursuance of rules under the Act, and which plans are signed for the purpose of identification by the Secretary to the Government of Madras in the Public Works and Labour Departments, and by the Applicant under the name and style of 'The Vicharanakartha, Tirumalai, Tirupati, etc., Devasthanams, Tirumalai.'

(v) The expression 'the load factor' shall mean the ratio or percentage of the average quantity per hour to the minimum quantity per hour of energy supplied in any month.

(vi) The expression 'the unit' shall mean the quantity of energy contained in a current of 1,000 amperes flowing through a non-inductive surface under an electromotive force of 1 volt during one hour.

3. *Commencement of the Licence.*—The date of the notification of the Government of Madras in the *Fort St George Gazette*, that this licence has been granted is to this licence referred to as 'the commencement of the licence.'

4. *Security.*—(a) The period within which under clause 1 (c) of the schedule to the Act, the licence shall show that he is in a position fully and effectively to discharge the duties and obligations imposed upon him by this licence throughout the area of supply, shall, unless otherwise ordered by the Government of Madras under that clause, be 12 months from the commencement of this licence.

(b) The period within which under clause 1 (b) of the schedule to the Act, the licensee shall deposit security, and the sum so to be deposited shall, unless otherwise ordered by the Government of Madras, be six months and Rs 1,000.

5. *Area of Supply.*—The area within which the supply of electric energy is authorized by this licence is the whole of the area contained in a rectangle, bounded on the north by longitude 13° 64', on the south longitude 13° 19', on the east latitude 79° 34', and on the west latitude 79° 16' more particularly delineated in red on the deposited map.

6. *Purpose of Supply.*—Subject to the provisions of this licence and the Act and rules thereunder, the licensee shall be entitled, during the continuance of the licence, to supply energy within the area of supply for all purposes,—

Provided that the licensee shall not be under any obligation under section 22 of the Act to supply more energy than is consistent with the obligations to maintain a constant night supply to consumers, due regard being had to the licensee's load factor;

Provided that no supply shall be commenced to be given by the licensee to owners and occupiers of private premises, until the Government of Madras have approved the form of requisition to be made by the owners or occupiers for such supply of energy and also the form of written contract or agreement with the licensee to take a supply of energy which is to be executed or entered into between the owner or occupiers and until the Government of Madras have also approved the amounts of all miscellaneous charges incidental to, or in connexion with, such supply, and also until the licensee's works have been inspected by the Electrical Inspector to the Government of Madras, and passed by him in writing.

7. *System of Supply.*—The systems to be adopted for the supply and transmission of electric energy under this licence, are the following:—

(1) (*a*) A medium pressure alternating current, 3 phase, 4 wire supply at a pressure at the consumer's terminals of 400 volts approximately, between the phases and 230 volts between the phase and neutral, which shall be earthed at one point only on each separate distributing system, and at a frequency of 50 complete periods per second.

(*b*) A high pressure alternating current, 3 phase supply at a pressure of 6,600 volts between phases, at a frequency of 50 complete periods per second

(*c*) The neutral points of the high pressure systems may, after notification to the Government of Madras and the Telegraph authorities and the railway, be connected to earth.

(2) The transmission lines, feeders, distributing mains and service lines may be overhead or underground, in whole or in part, and shall be erected, constructed and maintained by the licensee in strict conformity with the Act and the rules thereunder and the following provision:—

(*a*) The licensee shall not use overhead main at any higher pressure than 6,600 volts without the sanction in writing in each case and subject to any conditions or limitations which the Government of Madras may prescribe.

(*b*) No conductor of an aerial line erected in, over, along or across any of the streets mentioned in clause I of the III Annexure hereto or in any other streets which may at any time hereafter be named in writing by the Government of Madras, shall be at a less height from the ground than 19 feet.

(*c*) When the transmission or electric supply line crosses or runs along the routes of tabout, temple car, or similar religious processions it shall be temporarily removed.

(*d*) In all streets and thorough fares, less than 14 feet in width across the road or boundary private houses and where there is wheeled traffic, posts for overhead electric lines shall not be erected

(*e*) In any street or its direct continuation in which overhead lines are run, such lines shall be run throughout ordinarily on one side only In places where it is necessitated to run the overhead on the other side, the over head shall cross at right angles to the road if there is no processions as per paragraph 7, section 2 and clause (*c*) supra, and the roads are broad enough to allow the processions freely; but where there are such processions it shall cross underground.

(*f*) Due precautions shall be taken by the licensee to avoid any possible interference with the Telegraph and Telephone circuits due to inductive effects; the overhead line shall be suitably transposed where necessary.

(*g*) For the purpose of rule 61 of the Indian Electricity Rules of 1921 the maximum wind pressure shall be taken as 15 lb. per square foot.

8 *Compulsory Works*—(a) The licensee shall lay down suitable and sufficient transmission lines, feeders, and distributing mains and erect the generating station with all additional machinery and apparatus for giving a continuous night 12 hours' supply of energy, and shall do all works necessary for the commencement of the supply and to the satisfaction of the Government of Madras, throughout such streets or part of such streets, as are mentioned in the I Annexure and as indicated in red in the deposited map. In the case of difference in description in the I Annexure and as indicated in the deposited map, the latter shall prevail. The licensee shall commence to execute the works aforesaid within 12 months from the commencement of this licence and shall complete the same within two years thereof. The works aforesaid shall be in general accordance with the scheme mentioned in the V Annexure and with such modifications as may be approved hereafter in writing by the Government of Madras.

(*b*) Further within twelve months of the receipt of the application and subject to the proviso of clause 6 (1) of the schedule to the Act, the licensee shall lay down sufficient and suitable additional transmission lines, feeders, and distributing mains, as may be required to effect a supply to every applicant, village or community within the area having a demand of not less than 5 000 units per annum per mile of additional transmission and feeder lines

(c) In addition to the streets mentioned in the I Annexure the licensee shall lay down further distributing mains to an aggregate length of 2 miles as may be directed by the Government of Madras within six months from the commencement of the supply, provided however that the yield on the capital cost on such extension shall be at least 8 per cent.

(*d*) If the licensee fails to comply with the above provisions or should in the opinion of the Government of Madras the progress made during any portion of the said period of two years be unsatisfactory, the licence may be revoked, and security furnished as per clause 4 (*d*) above, forfeited

(e) The licensee shall submit reports every six months from the commencement of this licence until the completion of the works, specifying all steps taken and the progress made in carrying into effect this licence

9. *The Generating Station*—

(*a*) There shall be only one generating station and it shall be within the area of supply.

(*b*) The Licensee shall be at liberty to generate from one generating station within the area of supply, energy to satisfy all or part of his requirements, and buy the remainder in bulk from any other licensee

(*c*) *Transmission lines from the generating station.*—For the purpose of conveying and transmitting energy, the licensee may, after an order in writing has been made by the Government of Madras conferring upon him such of the powers referred to in section 51 of the Act as may be necessary and upon obtaining the general approval required by section 18 of the Act, place aerial transmission lines from the generating station to one or more receiving stations The alignment of aerial transmission lines from the generating station and up to the one or more receiving stations, shall be subject to the previous approval of the Government.

10. *Breaking up of Streets and crossing of Waterways*—

(a) The licensee is hereby specially authorized to open and break the soil and pavements of the streets, not repairable by the Government of Madras, or by the local authorities, mentioned in the II Annexure to this licence, and also to open and break up the soil and pavements of the railways, also mentioned in the said Annexure, at such points and places and to such extent only, as shall have been previously approved in writing by the Government after the licensee has given such special notice or notices as the

Government may direct, and within such period as the Government may fix in this behalf to the persons who are entitled to work the said railways and after all representations or objections received in accordance with any such notice have been considered by the Government.

(b) The length of the trenches to be opened on any street at any one time and period for which they may remain open shall be determined from time to time by the Government of Madras, or the local authorities, by which such streets are repairable. When any street is crossed not more than half-way of such street shall without the specific authority as aforesaid, be closed for traffic.

(c) The licensee is further authorized to cross all rivers, streams and irrigation channels within or contiguous to the area of supply.

11. *Limits of prices to be charged in respect of supply of energy*.—The prices to be charged by the licensee for energy supplied by him shall not exceed those stated in that behalf in the IV Annexure, or in the case of a method of charge approved by the Government of Madras, in accordance with clause X of the schedule to the Act, such maxima as the Government of Madras may fix on approving the methods; nevertheless, the licensee may enter into special contracts subject to sections 22 and 23 of the Act for the supply of energy.

12. *Purchase of Undertaking*.—(a) The option of purchase, under section 7, sub-section (*f*) of the Act, shall be exercisable on the expiration of fifty years from the commencement of this licence and on the expiration of every subsequent period of twenty years during the continuance of this licence. The percentage of the value to be determined, in accordance with and for the purpose of sub-section (1) of section 7 of the Act of all lands, buildings, works, materials and plants of the licensee therein mentioned, to be added under the second proviso of the sub-section, to such value on account of compulsory purchase, shall be twenty per centum.

(b) Notwithstanding anything said under clause 12, sub-section (a) above of this licence, the Government may vary the terms and conditions relative to sections 5, 7 and 8 of the Act or even exempt the licensee from the obligations of the above sections under section 10 and sub-sections (a) and (b) of the Act.

13. *Variations from the schedule to the Act*.—In pursuance of section 3, sub-section 2 and clause (*f*) of the Act, it is hereby expressly declared that clauses 2, 3 and 9 of the schedule to the Act shall be excepted from incorporation in this licence.

14. *Revocation*.—If the licensee fails to comply with the provisions of any of the clauses hereof, the licence may be revoked.

(6) The expression "Load Factor," shall mean the ratio or percentage of the average quantity per hour to the maximum quantity per hour of energy supplied in any month.

3. *Commencement of licence.*—The date of the notification by the Government of Madras in the *Fort St. George Gazette* that this licence has been granted is in this licence referred to as 'The commencement of the licence.'

4. *Security.*—(a) The period within which under clause 1 (a) of the schedule to the Act the licensees shall show that they have available capital of rupees one lakh and are in a position fully and efficiently to discharge the duties and obligations imposed upon them by this licence throughout the area of supply shall unless otherwise ordered by the Government of Madras under that clause be six months from the commencement of the licence.

(b) The period within which under clause 1 (b) of the schedule to the Act the licensees shall deposit security and the sum so to be deposited shall unless otherwise ordered by the Government of Madras be six months and rupees two thousand, respectively.

5. *Area of supply.*—The area within which the supply of electric energy is authorized by this licence in the whole of the area contained within a circle of 15 miles radius in the Municipal limits of Adoni and more particularly delineated in red on the deposited map.

6. *Purpose of supply.*—Subject to the provisions of this licence and the Act and the rules thereunder the licensees shall be entitled during the continuance of this licence to supply energy within the area of supply for all purposes.

Provided that the licensees shall not be under any obligation under section 22 of the Act to supply more energy than is consistent with their obligation to maintain a constant supply to consumers due regard being had to the licensees' load factor.

Provided that no supply of energy shall be commenced to be given by the licensees to owners or occupiers of private premises until the Government of Madras have approved the form of requisition to be made by the owners or occupiers for such supply of energy and also the form of written contract or agreement with the licensees to take a supply of energy, which is to be executed or entered into by the owners or occupiers and until the Government of Madras have also approved the amounts of all miscellaneous charges incidental to or in connexion with such supply which the licensee proposes to make.

7. *Systems of supply.*—The systems to be adopted for the supply and transmission of electric energy under this licence are the following.—

(1) (a) A medium pressure alternating current 3-phase 4-wire supply at a pressure at the consumer's terminals of 400 volts (approximately) between phases and 230 volts between phase and neutral which shall be earthed at one point only on each separate distributing system and at a frequency of 50 complete periods per second.

(b) Extra high pressure alternating current 3-phase energy at any standard pressure up to 6,600 approved by Government and at a frequency of 50 complete periods per second may be transmitted between the generating station and the one or more receiving stations.

(c) The neutral points of the high or extra-high pressure systems if required may, with the approval of the Government of Madras and the concurrence of the telegraph authority and the railway be connected to earth.

Provided always that it shall be lawful for the Government from time to time to issue, with due regard to the expense involved and to the effect upon the commercial prospects of the undertaking, regulations dealing with the above systems of supply or to authorize subject to such limitations and conditions as shall be prescribed in writing by the Government other systems of supply to be adopted for the purpose of this licence.

(2) The transmission lines, feeders, distributing mains and service lines may be overhead or underground in whole or in part and shall be erected, constructed and maintained by the licensees in strict conformity with the Act and the rules thereunder and the following provisions.—

(a) The licensees shall not use overhead mains at any higher pressure than medium pressure for general distribution to small consumers without the sanction in writing of the Government of Madras in each case and subject to any conditions or limitations which the Government of Madras may prescribe.

(b) No conductor of an aerial line erected in, over, along or across any of the streets mentioned in clause (1) of the third annexure here to or in any other streets which may at any time hereafter be named in writing by the Government of Madras shall be at a less height from the ground than 20 feet.

(c) In the streets mentioned in clause (2) of the third annexure hereto or in any other streets which may at any time hereafter be named in writing by the Government of Madras all electric lines shall be laid underground.

(d) Where the transmission of electric supply line crosses or runs along the routes of tatkoot, temple car, or similar religious processions or shall be temporarily removed.

(e) In all streets and thoroughfares less than 14 feet in width for wheeled traffic posts for overhead electric lines shall not be erected.

(f) In narrow lanes through which wheeled traffic is not permitted the posts shall be placed on the extreme edge of the lane and a special construction to be approved by the Electrical Inspector adopted to keep the wires four feet clear of every building.

(g) In any street or its direct continuation in which overhead electric lines are run such lines shall be run throughout on one side only.

(h) Where overhead mains carrying alternating current are used, due precautions shall be taken by the licensees to avoid any possible interference with the adjacent telegraph or telephone circuits due to inductive effects; the overhead wires shall be suitably transposed where necessary.

(i) For the purpose of rule 61 of the Indian Electricity Rules, 1922, the maximum wind pressure shall be, taken as 12 lb. per square foot.

8. *Compulsory works.*—(a) The licensees shall lay down suitable and sufficient transmission lines, feeders and distributing mains and erect the generating station with all machinery and apparatus necessary for giving a continuous supply of energy and shall do all other works necessary for the commencement of the supply and to the satisfaction of the Government of Madras throughout such streets or parts of streets as are mentioned in the first annexure and as indicated in block on the deposited map. In the case of difference between the description in the first annexure and as indicated on the deposited map the latter shall prevail. The licensees shall commence to execute the works aforesaid within six months from the commencement of the licence and shall complete the same within three years thereof. The works aforesaid shall be in general accordance with the scheme mentioned in the fifth annexure and with such modifications as may be approved hereafter in writing by the Government of Madras.

(b) Further, within 12 months of the receipt of the applications and subject to the proviso of clause VI (1) of the schedule to the Act, the licensees shall lay down suitable and sufficient additional transmission lines feeders and distributing mains as may be required to effect a supply to every applicant within the area, provided there is sufficient demand in that area or locality as to justify cost of a line

(c) If the licensees fail to comply with the above provisions or should in the opinion of the Government of Madras the progress made during any portion of the said period of three years be unsatisfactory the licence may be revoked, and the security furnished as per clause 4 (b) above forfeited.

(d) The licensee shall submit reports every six months from the commencement of this license until the completion of the compulsory works specifying all steps taken and the progress made in carrying into effect this licence

9. *Generating station.*—(a) There shall be only one generating station and it shall be within the area of supply.

(b) The licensees shall be at liberty to generate from one generating station within the area of supply energy to satisfy all or part of their requirements and buy the remainder in bulk or to generate no energy and to buy all the energy required for the distribution and re-sale from a hydro-electric or other source having a generating station outside the area of the licence.

(c) *Transmission lines from generating stations.*—For the purpose of conveying and transmitting energy, the licensees may after an order in writing has been made by the Government of Madras conferring upon them such of the powers referred to in section 51 of the Act as may be necessary, and upon obtaining the general approval required by section 18 of the Act, place aerial transmission lines from the generating station to one or more receiving stations. The alignment of the aerial transmission lines from generating station and up to the one or more receiving stations shall be subject to the previous approval of the Government.

10. *Breaking up of streets and railways and crossing of water ways.*—(a) The licensees are hereby specially authorized to open and break up the soil and pavement of the streets not repairable by the Government of Madras or by the local authority and mentioned in the second annexure to this licence and also to open and break up the soil and pavement of the railways also mentioned in the said annexure at such points and places and to such extent only as shall have been previously approved in writing by the Government after the licensees have given such special notice or notices as the Government may direct and within such period as the Government may fix in this behalf to the persons who are entitled to work the said railways and after all representations or objections received in accordance with any such notices have been considered by the Government.

(b) The length of the trenches to be opened on any street at any one time and the period for which they may remain open shall be determined from time to time by the Government of Madras or the local authority by which such streets are repairable. When any street is crossed not more than half the width of such street shall without the specific authority in writing of the Government of Madras or the local authority as aforesaid be closed for traffic.

(c) The licensees are further authorized to cross all rivers, streams and irrigation channels within or contiguous to the area of supply in accordance with such conditions as the Government may impose.

11 *Limits of prices to be charged in respect of the supply of energy.*—(a) The prices to be charged by the licensees for the energy supplied by them shall not exceed those stated in that behalf in the fourth annexure or in the case of a method of charge approved by the Government of Madras in accordance with clause X of the schedule to the Act, such maxima as the Government of Madras may fix on approving the method; nevertheless the licensees may enter into special contracts, subject to sections 22 and 23 of the Act, for the supply of energy.

(b) Should a supply of electrical energy in bulk become available at any future date from a Government Power System or other source or supply at such rates that the rates of supply of distributed energy under this license could be appreciably reduced, the licensees shall obtain their supply from such system or source of supply within six months from the date from which notice is given by Government that such supply is available.

(c) In the case where the energy is obtained from a Government Power System, the licensees shall conform in re-sale rates and in conditions of working to such regulations as may be issued by the Government.

12. *Purchase of undertaking.*—(a) The option of purchase given by section 7, sub-section (1) of the Act shall first be exercisable on the expiration of 20 years from the commencement of this licence and on the expiration of every subsequent period of 20 years during the continuance of this licence. The percentage of the value to be determined in accordance with and for the purpose of sub section (1) of section 7 of the Act of all lands, buildings, works materials and plants of the licensees therein mentioned to be added under the second proviso of the sub-section to such value on account of compulsory purchase shall be 20 per centum.

(b) In accordance with section 5 sub-section (3), clause (*a*), (ii) of the Act, it is hereby expressly declared that the generating station within the area of supply belonging to the licensees and to be used in connexion with the undertaking, or if there is no generating station within the area of supply but energy is brought from a hydro-electric or other source, then in that case the one or more receiving and distributing stations to be used in connexion with the undertaking shall form part of the undertaking for the purpose of purchase under section 5 or section 7 of the Act.

(c) During the period of notice prescribed in section 7 (4) of the Act, all extensions and outlays of money debitable to the capital account of the licensees shall be subject to the previous approval of the Government.

13. *Variations from the schedule to the Act.*—In pursuance of section 5, sub section (2), clause (*f*) of the Act, it is hereby expressly declared that clauses IV and IX of the schedule to the Act shall be excepted from incorporation in this licence.

14. *Assignment of licence.*—At any time after the commencement of the licence the licensees may assign this licence or transfer the whole of their undertakings in respect of which this licence is granted (including all lands, buildings, works, materials and plant of the licensees) to a company formed or to be formed and registered in British India, having authority to take over the licence and the said undertaking as the case may be and to exercise the powers and perform the obligations given to or imposed upon the licensees under this licence and the Act and the rules made under the Act and on such assignment or transfer the rights, powers and authorities, obligations and liabilities of the licensees shall be assigned and transferred to and shall be exercised by and shall attach to such company formed or to be formed as aforesaid.

Provided (1) that a complete statement of the terms of the proposed assignment is placed before the Government of Madras and that no charge on account of premium or in the case of an undertaking not earning profits of goodwill shall be included in the terms of the assignment, and

(2) that no assignment shall be made without the previous consent in writing of the Government of Madras.

15. *Revocation.*—If the licensees fail to comply with the provisions of any of the clauses hereof, the licence may be revoked.

No. 90.—It was brought to the notice of Government that the Vellore Municipal Council had not taken effective steps to revise the assessments on correct principles during the quinquennial general revision of property tax assessments due to be made in 1930-31. The Government warned the municipal council in G O No. 3949, L. & M., dated 9th October 1930, that unless the council bestirred itself and showed satisfactory progress, a special officer would be appointed for the purpose at the cost of the municipal funds. In Memorandum No 46830-1 C, L. & M., dated 18th December 1930, the municipal council was further advised to appoint a special officer for the purpose and to request the Collector of the district to lend the services of a Tahsildar or Deputy Tahsildar for the purpose. The municipal council did not adopt this suggestion but appointed a committee consisting of certain municipal councillors to revise the assessments. The result of the revision of the assessments made by the Committee was that there was no increase in demand in one ward while there was actually a decrease in another ward and there were only small increases in four other wards. As it is reported that a large number of revision petitions had been received in respect of the assessments, it is likely that the final total demand will show a decrease as compared with that of the previous year. The Collector of North Arcot reports that there are cases of under-assessments of property tax in the municipality. The Local Government decided that in order to revise the assessments correctly and impartially, a special officer should be appointed. In G O. No. 4700, L. & M., dated 7th December 1931, the municipal council was consulted as to the salary and allowances which it was proposed to pay to the special officer. The municipal council requests that in view of its unsatisfactory financial position, the proposal to appoint a special officer may be postponed. The Government consider that in the interests of the municipal finances, the property tax assessments should be revised properly and at once. In exercise of the powers conferred by sub-rule (1) of rule 28-A of Schedule IV of the Madras District Municipalities Act, 1920, as amended by Madras Act X of 1930, the Governor acting with Ministers accordingly hereby appoints M R Ry. M. P. Chamundi, B.A., acting Tahsildar in the North Arcot district, as a special officer of the Vellore Municipality for the present, for a period of three months from the date of his taking up the post. The special officer will during the said period exercise all the powers of the municipal council under rules 4, 23 and 24 of Schedule IV of the said Act in respect of all municipal taxes.

2. The special officer shall be paid out of the municipal fund the salary which he would draw in Government service, viz., Rs 220 per month and in addition a special allowance of Rs 25 per month and a conveyance allowance of Rs 50 per month. The municipal council shall also pay to the Local Government the contribution due under the rules towards the pension and leave allowances of the special officer.

E. CONRAN SMITH,
Secretary to Government.

(G O Ms. No. 70, P.H)

No. 95.—Whereas the Governor acting with Ministers is satisfied that there is danger of an outbreak of plague or cholera in the Nilgiris district if mendicants and vagrants are permitted to enter or remain in the district during the period *from* the 13th January 1932 to 10th February 1932 (both days inclusive), in exercise of the powers conferred by the Epidemic Diseases Act, 1897 (Indian Act III of 1897), as amended by the Devolution Act of 1920 (Act XXXVIII of 1920), the Governor acting with Ministers hereby prohibits all mendicants and vagrants from entering or remaining in the Nilgiris district from the 13th January 1932 to the 10th February 1932 (both days inclusive), and directs that between the said dates no tickets to travel by railway shall be sold to any mendicant or vagrant proceeding or believed to be proceeding to the Nilgiris at the railway stations on

(1) the Mettupalayam-Ootacamund line,
(2) the Mettupalayam Podanur line, and
(3) the Erode-Calicut line

on the South Indian Railway for any station on the first two lines mentioned above. The Governor acting with Ministers is further pleased to prescribe as a temporary regulation that during the said period any mendicant or vagrant proceeding or believed to be proceeding to the Nilgiris shall stop at such places and at the discretion of such officers shall remain in such camps as the Collectors of the Nilgiris, Malabar and Coimbatore districts may in their discretion appoint in this behalf in their respective districts.

S. G. SENGODAIYAN,

The condition of the cotton crop is fairly satisfactory.

2. The wholesale price of cotton lint per bale of 400 lb. is reported to have risen for Tinnevelies and Tinnevelly karungarni. The present prices as reported are Rs 84 for white Northerns, Rs 120 to Rs. 125 for cambodia in Salem, Rs. 105 to Rs. 110 for Tinnevellies, and Rs. 110 to Rs. 112 for Tinnevelly-karungarni.

Madras, 9th January 1932.

GROUNDNUT CROP OF 1931—FOURTH OR FINAL REPORT.

[On an average of the five years ending 1929-30, the area under groundnut in the Madras Presidency has represented 55·8 per cent of the total area under groundnut in India.]

The area sown with groundnut in the Madras Presidency in 1931 is estimated at 2,707,500 acres as against the estimate of 3,440,300 acres on the corresponding date of last year, which was below the finally recorded area of 3,571,078 acres by about 3 per cent. The average area is estimated at 3,088,100 acres,

2 The total area is less than that of last year by about 24 per cent. It is also less than in the previous four years.

The decrease is general and is due to mainly to the fall in the price of groundnut. The reduction in area was most marked in Guntur, Chingleput, North Arcot, Salem and Madura, where the area fell by about 37 per cent from 981,500 acres to 615,000 acres.

Since the date of the previous October forecast, 585,200 acres have been reported mainly in the Deccan, South Arcot, Tanjore and Madura,

3. The harvesting of the summer and early crop of groundnut was finished by October. The harvesting of the winter or main crop is proceeding

The crop was normal only in Ganjam, East Godavari, West Godavari, Kurnool, Cuddapah, Ramnad, Tinnevelly and Malabar In the other districts, the crop was affected either by drought during the growing period or heavy rains and floods later or both. Attack by insects is reported from South Arcot, Salem and Trichinopoly. In South Arcot, Trichinopoly and Tanjore, the yield is expected to be specially low, about 65 per cent of the average yield

The seasonal factor for the Presidency works out at 93 per cent of the average against 99 per cent in the previous year. On this basis, the yield is estimated at 1,257,600 tons of unshelled nuts against 1,764,950 tons in the previous year, a decrease of about 29 per cent. The yield in an average year is estimated at 1,534,050 tons.

4. The wholesale price of groundnut, unshelled per candy of 500 lb is reported as Rs. 10 to 15 in Chittoor North Arcot and Salem, Rs. 12 to 18 in Chingleput and Rs. 15 to 20 in the other districts. As compared with the price reported in October, the price was stationary in Salem and Madura, fell in Kurnool, Cuddapah, Chingleput, South Arcot, Chittoor and North Arcot, and rose in the other districts

5. Figures by districts are given in the statement appended.

GINGELLY CROP OF 1931-32—THIRD FORECAST REPORT.

[On an average of the five years ending 1929-30, the area under gingelly in the Madras Presidency has represented 12·8 per cent of the total area under gingelly in India.]

The area sown with gingelly up to the end of December 1931 is estimated at 841,900 acres as against the estimate of 550,100 acres made on the corresponding date of last year, i.e., a decrease of about 2·4 per cent.

The reduction in area occurs mainly in Ganjam, Vizagapatam, East Godavari, Salem and Coimbatore. But this has been partly set off by increases in Bellary, Anantapur, Chingleput, South Arcot, Trichinopoly and Ramnad.

Trichinopoly is the only district that had large fresh sowings after the last forecast issued in October 1931.

2 The main crop has been harvested except in Trichinopoly and the South. The yield was normal except in West Godavari, Kistna, the Deccan (Kurnool excepted), Nellore, South Arcot, North Arcot and Salem. The yield is expected to be below normal in Trichinopoly and Tanjore.

The seasonal factor for the Presidency works out to 97 per cent of the average as in corresponding date of last year. On this basis, the yield is estimated at 70,900 tons as against 73,600 tons on the corresponding date of last year.

3 The wholesale price of gingelly is reported to be stationary in Cuddapah, to have risen in Vizagapatam, Salem, Madura, Tinnevelly and Malabar and to have fallen in Ganjam, Kurnool, Bellary, Anantapur, Chingleput, South Arcot, Chittoor, North Arcot, Trichinopoly and South Kanara, as compared with the prices reported in October 1931. The present prices are 10 to 12 lb per rupee in Kurnool, Cuddapah, South Arcot, Salem, Trichinopoly, Tanjore, Madura and Malabar and 14 to 15 lb. in Ganjam, Vizagapatam, Bellary, Anantapur, Chingleput, Chittoor, North Arcot and South Kanara. It was highest in Tinnevelly where it was only 9 lb. per rupee.

The earnest money will not be received in cash or currency notes by the Public Works Department officers.

(ii) The earnest money will be refunded to the unsuccessful tenderer on application, after intimation is sent of rejection of the tender. This refund will be authorized by the Executive Engineer by suitable endorsement on the chalan.

(iii) The earnest money will be returned in the case of the successful tenderer, and will not carry any interest. It will be dealt with as provided in the prescribed tender form.

4. The Government reserve to themselves the right of rejecting all or any of the tenders without assigning any reasons for so doing. Tenders not in order or not prepared according to instructions are liable to be rejected.

5. The tenderer shall forfeit his earnest money if he withdraws his tender before the decision of the accepting authority is notified.

6. When the acceptance of the tender is intimated, the successful tenderer shall within ten days deposit a further sum of Rs. 20,000 (Rupees

(twenty thousand only) which with the earnest money already received and the withheld amounts as provided for in the prescribed contract form will be kept as security for the due fulfilment of the contract. If a cash security is made by the successful tenderer he shall follow the procedure laid down in paragraph 3 (i) supra for the payment of the earnest money and such deposit will not bear interest. The successful tenderer may, however, make the further deposit of Rs 20,000 required by this clause in any of the recognized forms of interest bearing securities and subject to the Code Rules as defined in paragraph 456 of the Madras Public Works Account Code.

7. The successful tenderer shall forthwith upon intimation being given to him by the Executive Engineer of the acceptance of his tender sign *an agreement in the prescribed form for the due fulfilment of the contract*. If he should fail to furnish the further deposit as mentioned in paragraph 6 above or to execute the contract agreement within ten days from the date of intimation by the Executive Engineer, he shall forfeit the earnest money.

8. Other conditions of contract and the contract documents can be seen at any time between 11 a.m. and 4 p.m. in the Executive Engineer's office. Prospective tenderers will on application in writing be supplied with and not at the following contract documents on payment in advance of a fee of Rs 20 which should be remitted in person or by money order to the Manager, Coimbatore Water-works Division, Coimbatore —

(1) Tender notice with schedule A.

(2) Prescribed tender form with directions to parties tendering.

(3) Prescribed contract agreement form.

(4) Schedule C (vide paragraph 1 supra).

(5) Blue print copies of 8 drawings C.W.W. Nos. 1-1925, 144 and 144 A to E-1931 and 149-1931 and site plan C.W.W. No.

9. When once the rates tenders are accepted, they will not be revised under any circumstances. The tenderers' attention is directed to the requirements for materials under clause 10 of schedule D of the prescribed contract form and particularly to the specification item 21 under schedule C. Materials conforming to the British Standard Specifications and the detailed specifications in schedule C shall be used on the work and the tenderer shall quote his rates accordingly. Every tenderer before tendering should inspect the sites of the proposed works and carefully study the provisions and conditions in schedule C. He should also inspect the quarries and satisfy himself regarding the quality, availability and sufficiency of materials. The best class of materials shall be used on the work after their prior approval by the Executive Engineer. The tenderers should along with their tenders supply sample stones showing in the case of masonry the class of dressing and face finish that they will execute, for each rate and these sample stones will be initialled and kept by the Executive Engineer.

The work is situated in the Attappadi valley about 26 miles distance from Coimbatore, 21 miles by metalled road from Coimbatore and the remaining distance by a bridle path about 5 miles long after an ascent of 1,500 feet from the foot of the hills.

10. Specific rate should be given for each item without altering the quantity or the unit shown in Schedule A. The rates and the units of calculation should both be expressed in figures and words, one below the other. Tenders offering a percentage above or below the estimate amount or rates will be rejected. The rates tendered for the items specified in Schedule A shall be for finished work *in situ* and include all contingent and incidental charges as detailed in the specification item 21 of Schedule C, special attention to which is drawn.

11. The work should be completed within 15 (fifteen) months from the date of possession of the site being given to the contractor. If the tenderer does not agree to this time-limit, he shall state in his tender the time required by him to complete the work and in the event of acceptance of his tender, the date of completion so defined shall be binding on him. Liquidated and ascertained damages of Rs. 50 per diem beyond the date fixed for completion shall be recovered from the contractor as provided for in clause 34 of schedule D of the prescribed contract form. The period fixed for the purpose of clauses 24 and 43 of schedule D of the prescribed contract Form is six months.

12. The tenders must be submitted in the form of the schedule of quantities—Schedule A—with the copies of the drawings and specifications, etc., supplied by the department on payment as specified in paragraph 8 above. The drawings and specification—Schedule C—should be duly signed by the tenderer. Failing the above the tender will be void.

13. The tunnel shown on the drawing C.W.W. No. 144-1931 is expected to be completed probably by the end of January 1932 and it may be used for transport of materials if it is possible, but no guarantee is given and the contractor must expect all risks of closure of the tunnel or approach channel. Tramway plant, truck, etc., available with the department may be given out on hire subject to the conditions and hire charges as laid down in paragraph 330 of the Madras Public Works Department Code. The hire and other charges shall be recovered from the contractor's bills.

COIMBATORE WATER-SUPPLY SCHEME.

Constructing a dam across the Sirumuga river and a divide weir across the Anusagar and cutting approach channel.

Schedule of rates and approximate quantities.

(a) The quantities here given are those upon which the approximate estimated cost of the work is based, but they are subject to alterations, omissions, deductions or additions as mentioned in the conditions of the contract and do not necessarily show the actual quantity of work to be done.

(b) It is to be expressly understood that the measured work is to be taken net (notwithstanding any custom or practice to the contrary) according to the actual quantities when in place and finished according to the drawings or as may be ordered from time to time by the Executive Engineer, and the cost calculated by nos or accept or weight, at the respective prices, without any additional charge for any necessary or contingent work connected therewith. The rates quoted are for works 'in mass' and complete in every respect.

Executive Engineer, Coimbatore Water-works Division.

Coimbatore, 10th December 1931.

TENDER FOR WORKS IN THE VARIOUS SET WORKS OF KISTNA RIVER IN KISTNA WESTERN DIVISION FOR 1932–33.

TENDERS under piece-work system for labour will be received by the Executive Engineer, Kistna Western Division, at his office at Bezwada up to 5 p.m. on 22nd February 1932 for the works in the various sets of Kistna River in Kistna Western Division for 1932–33.

Tenders should be in the prescribed form obtainable from the Executive Engineer's office. Name of the set work for which the tender is submitted should be specified. Separate tenders should be sent for each set work.

2. Tenders should be submitted in sealed covers and should be submitted to the Executive Engineer, Kistna Western Division, the name of the tenderer and the name of the work being noted on the cover.

If the tender is made by an individual it should be signed with his full name and his address should be given. If it is made by a firm it shall be signed the co-partnership name by a member of the firm who shall also sign his own name and the name and address of each member of the firm shall be given. If the tender is made by a corporation it shall be signed by a duly authorized officer who shall produce with his tender satisfactory evidence of his authorization. Such tendering corporation may be required before the contract is executed to furnish evidence of its corporation existence.

3. Each tenderer must pay as earnest money a sum for each set as noted below into the branch of the Imperial Bank of India or into a Government treasury or sub treasury within the jurisdiction of the Executive Engineer, Kistna Western Division, to the credit of Revenue Deposits on behalf of the Executive Engineer, Kistna Western Division, and enclose with his tender the chalan endorsed accordingly. This earnest money will be refunded to the unsuccessful tenderer on application after intimation is sent of rejection of the tender or at the expiration of two months from date of tender whichever is earlier. This refund will be authorized by the Executive Engineer, by suitable endorsement on the chalan. The earnest money will not be received in cash or currency notes by the P.W.D. Officers save in exceptional cases where there are no treasuries or banks within the jurisdiction of the officer calling for tenders. When currency notes are given, the tenderer should sign his name in full with date on the back of all currency notes given by him whatever their denominations may be. The earnest money will be retained in the case of the successful tenderer and will not carry any interest. It will be dealt with as provided in the tender.

4. When a tender is to be accepted, the tenderer whose tender is under consideration shall attend the Division Office on the date fixed by the written intimation to him. He shall forthwith upon intimation being given to him by the Executive Engineer of acceptance of his tender sign an agreement in the proper departmental form for the due fulfilment of the contract. He shall also within seven days of such signing of the contract make a further security deposit as noted below in one of the forms prescribed in the Madras P.W.D. Accounts Code which deposit together with the earnest money and withheld amounts will be retained as security for the due fulfilment of the contract. If a cash security deposit is made by the contractor he shall follow the procedure laid down in the preceding paragraph for payment of earnest money and such deposit will not bear interest. Failure to enter into the required agreement or to make the security deposit as defined in this paragraph shall entail forfeiture of the earnest money.

5. Other conditions of contract and the contract documents can be seen at any time between 11 a m and 5 p m on office days in the office of the Executive Engineer, Kistna Western Division, Bezwada, from which blank forms of tenders can also be obtained.

6. Every tenderer is expected before quoting his rate to inspect the site of the proposed act The Government will not after acceptance of a contract rate pay any extra charges for lead or for any other reason in case the contractor is found later on to have misjudged in quoting his rates.

7. The rates and the units for the rates should be written both in words and figures. The tender shall be written legibly and free from erasures, over-writings or conversions of figures. Corrections where unavoidable should be made by crossing out, initialing, dating and re-writing.

8 Tenders offering a percentage deduction from or increase on estimate or P W D current schedule rates which are not open for inspection by tenderers and those not submitted in proper form or in due time will be rejected Rates for items not called for should not be included in the tender. No alteration which is made by the tenderer in the contract form will be recognized and if any such alterations are made, the tender will be void.

9. No part of the contract shall be sublet without written permission of the Executive Engineer nor shall transfer be made by power of attorney authorizing others to receive payment on the contractor's behalf.

10 The Executive Engineer or other sanctioning authority reserves the right to reject any tender or all the tenders without assigning any reasons therefor.

Note.—The tenderer should at his own cost—

(1) provide rods, stakes, ropes and labour required in setting out the work ;

(2) arrange for protecting work during inclement weather ;

(3) supply all water required for the work and workmen ; and
